Poland | Remote | Europe/Warsaw | Full-time or contract | Available ASAP

Profile

Product Owner with a software engineering background since 2019. Owned products in Octy and OneTouch, working directly with founders, planning implementation and forming development teams. Connect product decisions with hands-on mobile, backend and AI expertise. Develop CT Teacher as a personal EdTech prototype.

Core competencies

Product ownership, Stakeholder communication, Planning & decomposition, Technical feasibility, Hiring & mentoring, AI prototyping, Mobile / Backend / ML

Selected projects

Octy Marketplace

Product Owner / Team Lead | Octy Marketplace | Pre-production | Funding ended

A video-commerce marketplace with multi-chain crypto payments and loyalty experiments. Combined end-to-end product responsibility, direct founder communication and technical leadership.

- Owned the product with founders; formed the team, hired and mentored two Flutter developers and a designer, and coordinated implementation.

Technologies: NestJS, TypeScript, Prisma, PostgreSQL, Redis, Docker

OneTouch

Product Owner / Team Lead | Selected engagements | Pre-production | Funding ended

A real-estate marketplace with crypto escrow transactions. Combined product ownership and founder communication with team formation and backend implementation.

- Owned the product with founders, formed the team and presented to investors; implemented listing, verification and Ethereum/TON escrow workflows.

Technologies: FastAPI, Python, SQLAlchemy, Solidity, Ethereum, TON

CT Teacher

Product Owner / Developer | Personal project

A personal AI learning-platform prototype. Own the concept, product direction and implementation, exploring a connected experience of exercises, video lessons and educational games.

- Define product direction and prototype AI-generated exercises, video lessons, speech and games within a Python/Telegram/React learning platform.

Technologies: Python, FastAPI, PostgreSQL, Redis, React, TypeScript
